(Women Are Messaging Him First)**

**You can watch the video breakdown of
this resource on YouTube, HERE.**

What I'll Be Covering:

- Nathaniel's origin story and the results he's been able to generate by working with me 1-1 & through the Inbound Attraction Blueprint
- Nathaniel's updated Hinge profile that is bringing him 50+ matches a month with beautiful women who are messaging him first
- Break-down each photo from his recent photoshoot while on vacation (no professional photographer required, all smartphone)
- The results of his new photos and Hinge profile (likes, matches, inbound messages from women) and WHY they worked so well

Nathaniel's Origin Story:

- Before joining IAB & getting 1-1 coaching with me, Nathaniel had just come out of a 2-year relationship.
- He was cold approaching women, trying to improve his social skills, but he was getting rejected consistently.
- He tried getting on dating apps like Hinge, Tinder, Bumble, but saw little to no significant results.
- Frustrated, he went on YouTube to look for answers for why this was happening, which is how he came across me.
- After 2 weeks of consuming my content, he made the move to join IAB and then eventually enrolled in my 1-1 coaching program.

Hey brother, would it be cool if next call we went deeper into the looksmaxxing and built out a more in-depth plan with that? Anything you think I need currently that's outside the fitness/nutrition

Also was wondering if I could take that last spot for the 1 to 1 coaching would love to keep working together especially once things get more dialled in and I'm back in the dating game so to speak. Be happy to pay half for the coaching now and second half when we finish the first 90 days. Let me know if that's cool and what you're thinking

Had a killer 3rd date with my top pick tonight. Went bowling and kicked it at my place after. Really aligned on a lot of the things I'm looking for

Super dope too, across the board everyone just glazing the lean physique. Saw D [redacted] yesterday after week and a half cause of my move and she was like your face is so different, and then I take off my shirt and she's like "you look fit as hell"

Lean is law, will never let myself get above 205 again man

Rather look small in t shirts for that boosted facial ascetics

Game changer

Nathaniel's New Hinge Profile:

Photo #1: Steak Dinner POV

- **Creates a date POV:** Because he's sitting directly across from the camera, it almost feels like the woman viewing the photo is sitting across from him.
- **Direct eye contact:** Makes the picture feel more intimate and personal. It communicates confidence & sex appeal.
- **Shows the dating experience:** Good food, restaurant atmosphere, and dressed-up setting give a preview of what going out with him could look like.
- **Still displays his physique:** His fitted shirt highlights his arms, shoulders, and chest while keeping everything classy.
- **Movie trailer effect:** She can picture herself having dinner, drinks, conversation, and flirting with him across the table.

Photo #2: Rooftop Bar Night Shot

- **Shows confidence and personality:** The bold suit separates him from the average guy and suggests he isn't afraid to stand out.
- **Displays full-body style:** Women can see the complete package including proportions, grooming, outfit, posture, and footwear.
- **Adds warmth:** His smile shows a more approachable, charismatic side that balances the serious expressions in the other photos.
- **Creates social intrigue:** Rooftop, skyline, and formal clothing make you wonder where he's going and what kind of event he's attending.
- **Movie trailer effect:** A woman can easily picture herself dressed up beside him at a rooftop event, wedding, dinner, or night out.

Photo #3: Tropical Resort

- **Strongest physique photo:** Shoulders, arms, chest, and V-taper are clearly visible without needing a shirtless picture.
- **Subtle Sex Appeal:** He isn't flexing or trying to look sexual, which lets the woman sexualize the image herself.
- **Vacation lifestyle:** Palm trees, pool, water, and cabanas immediately communicate travel, relaxation, and adventure.
- **Effortless presentation:** Hands in pockets and relaxed posture make his physique look like his normal everyday appearance.
- **Movie trailer effect:** She can imagine being on vacation with him, hanging around the pool, going to the beach, and spending intimate time together.

Video Clip #4: Sipping Coffee

- **Adds realism:** Video lets women see what he actually looks like in motion, how he carries himself, his mannerisms, all of that.
- **Shows calm, relaxed body language:** The slow sipping, laid-back posture, and smooth movement make him come off composed and comfortable in his own skin.
- **Feels like a real-life moment:** It's not some overly staged "look at me" clip. It just feels like a normal morning moment, which makes him feel more real and more relatable.
- **Movie trailer effect:** The camera panning while he's just casually sipping coffee makes it feel like a scene from his life. A woman can picture herself there with him, having coffee and starting the day together.

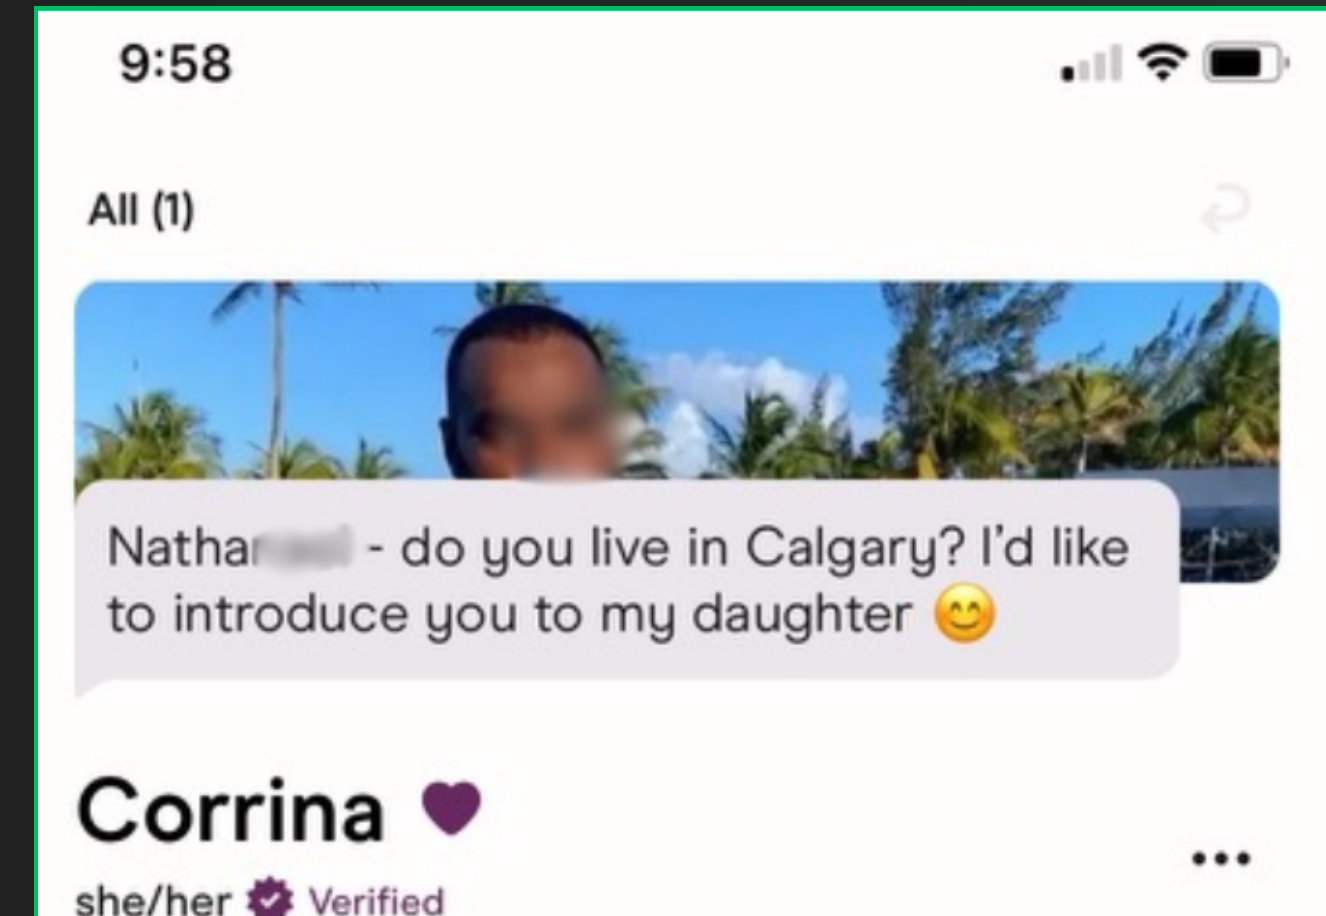

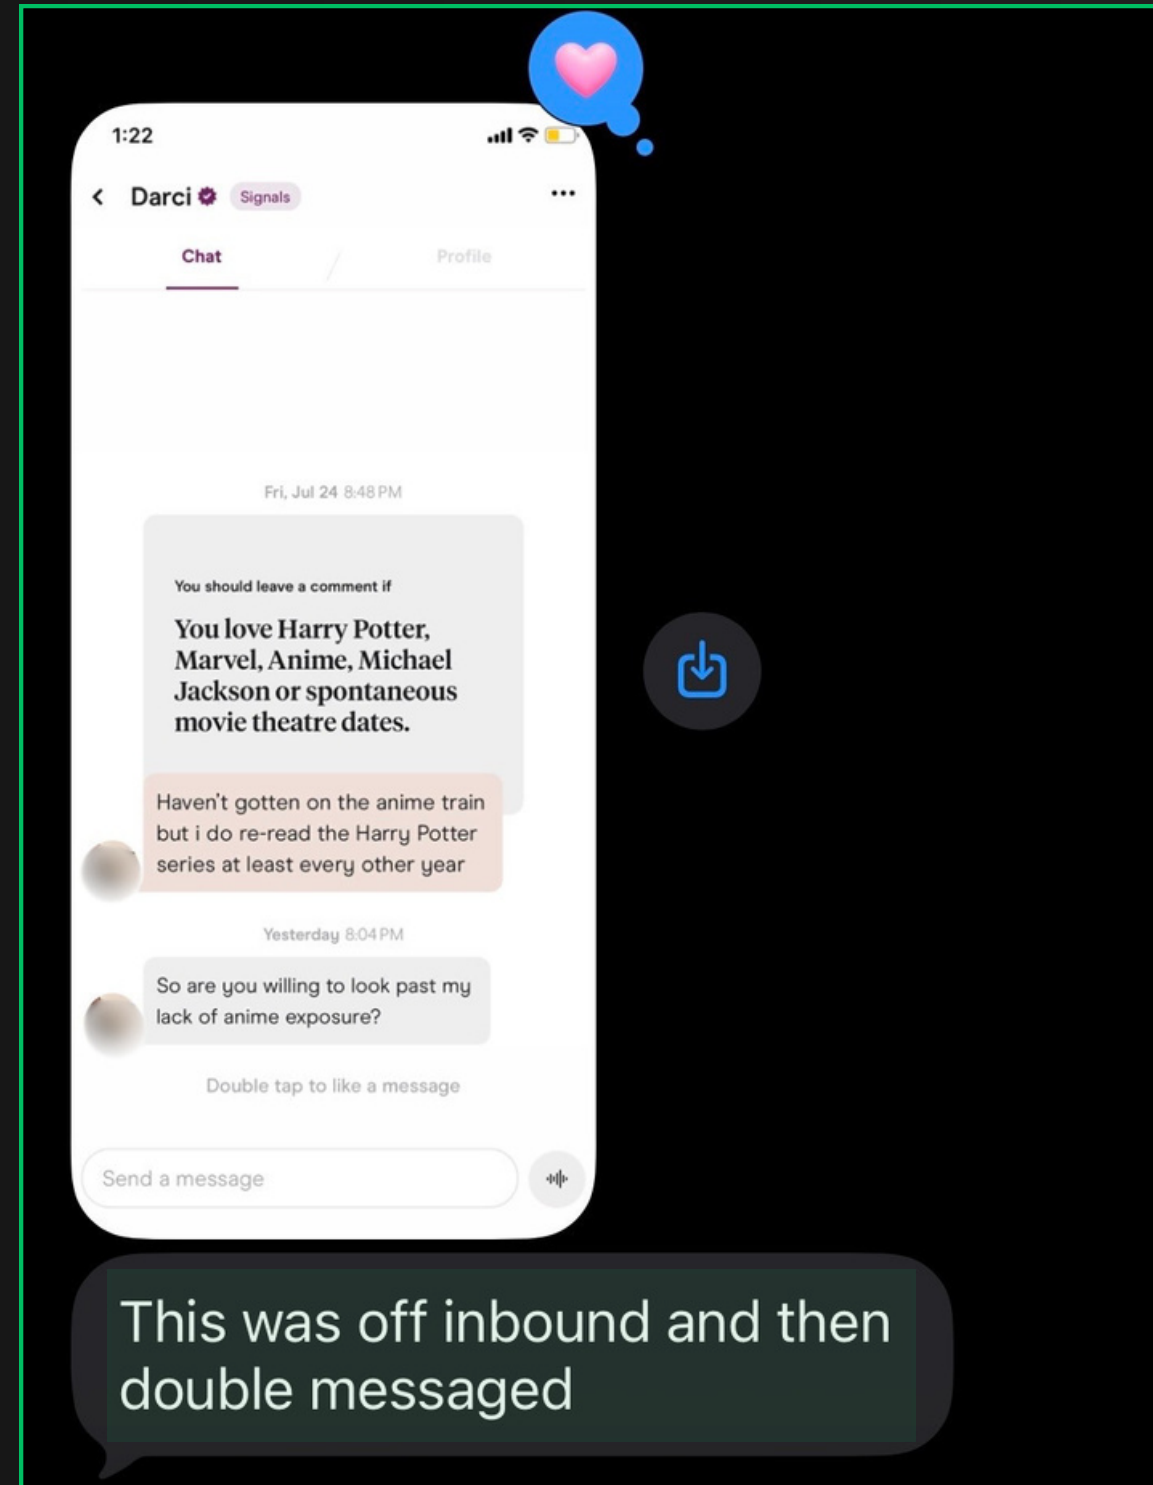

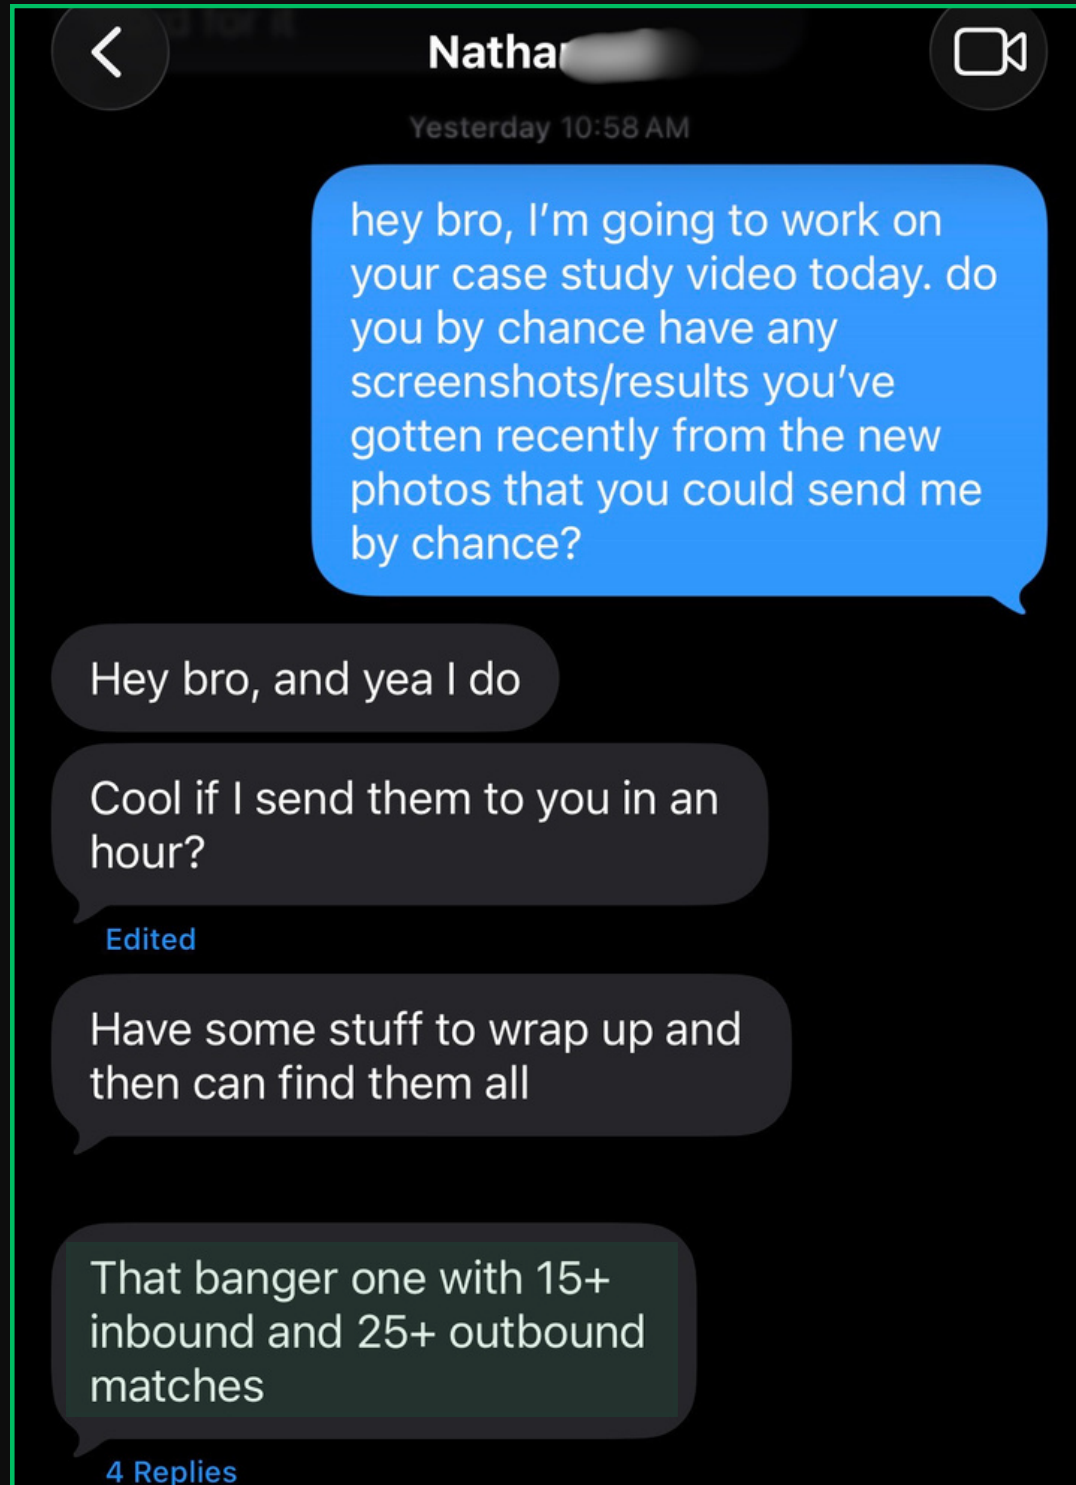

Photo #5: Black Shirt & Grey Trousers

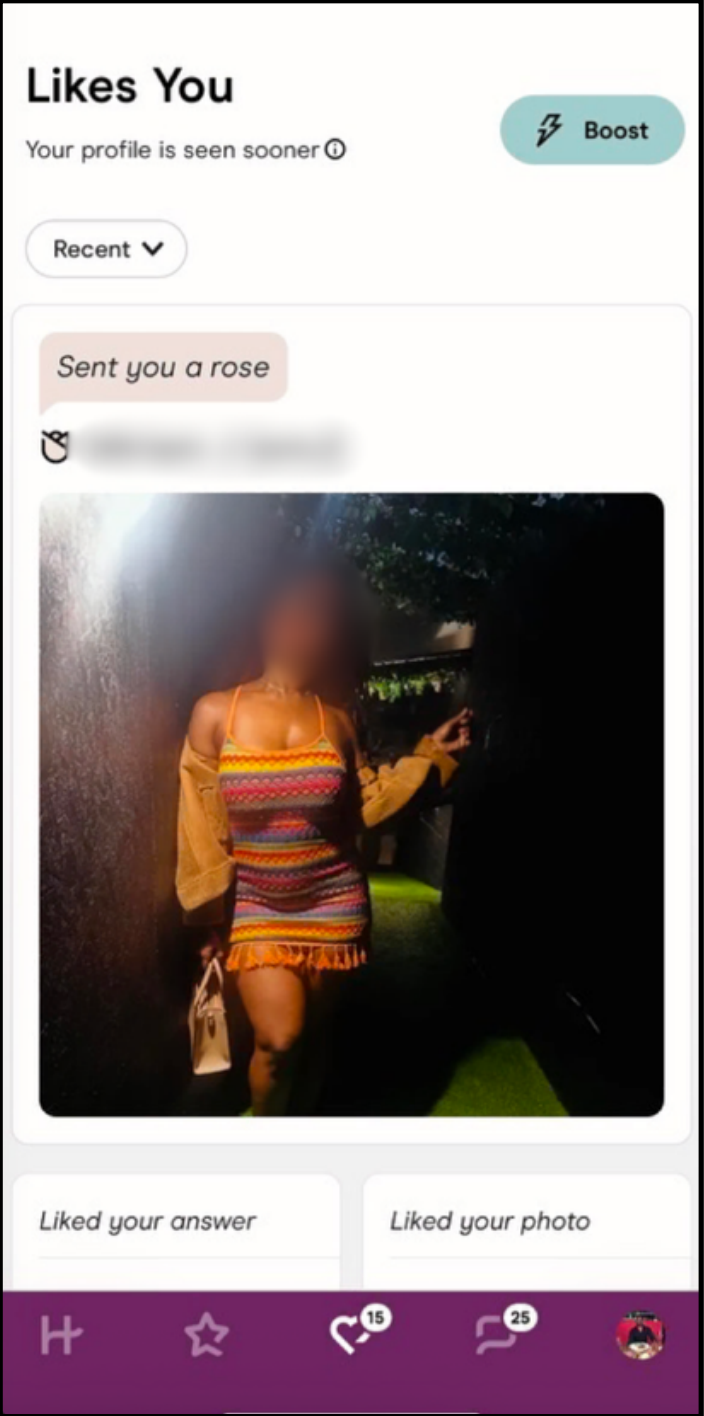

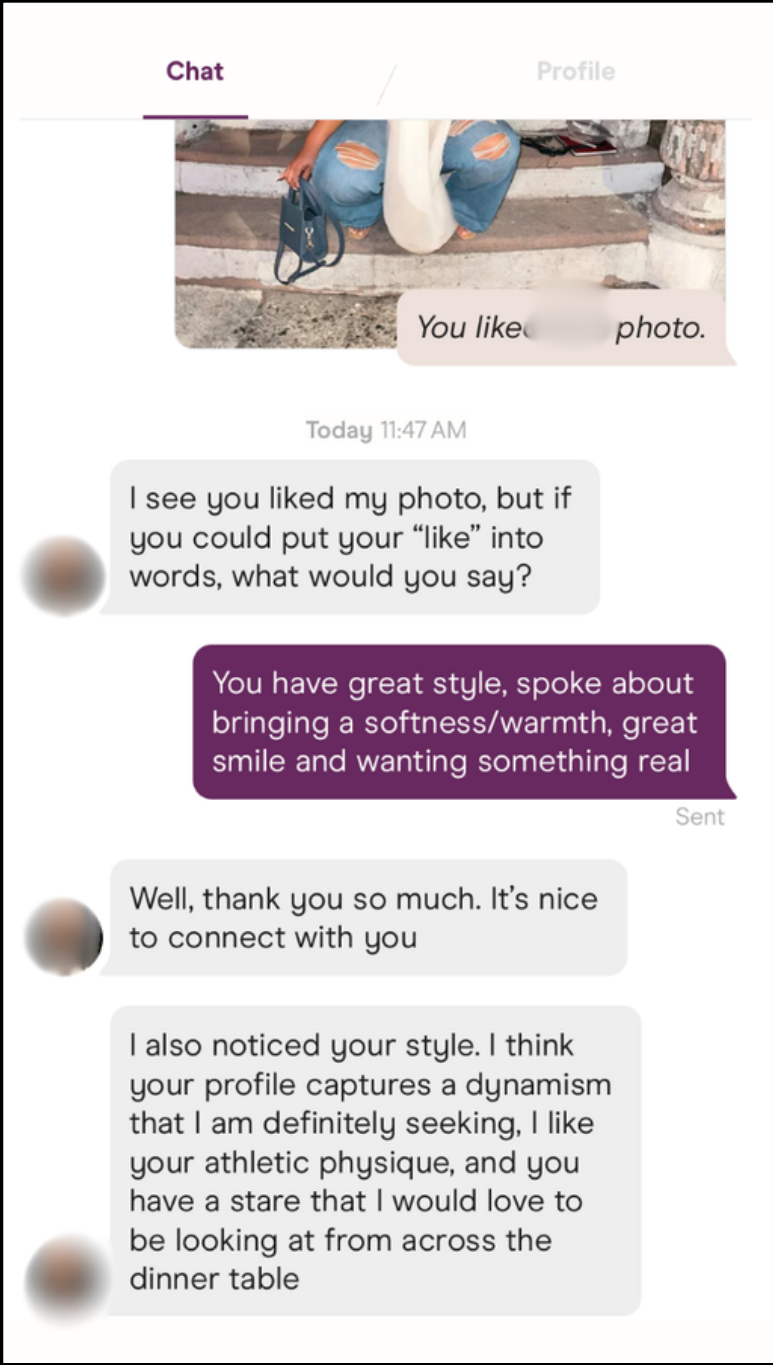

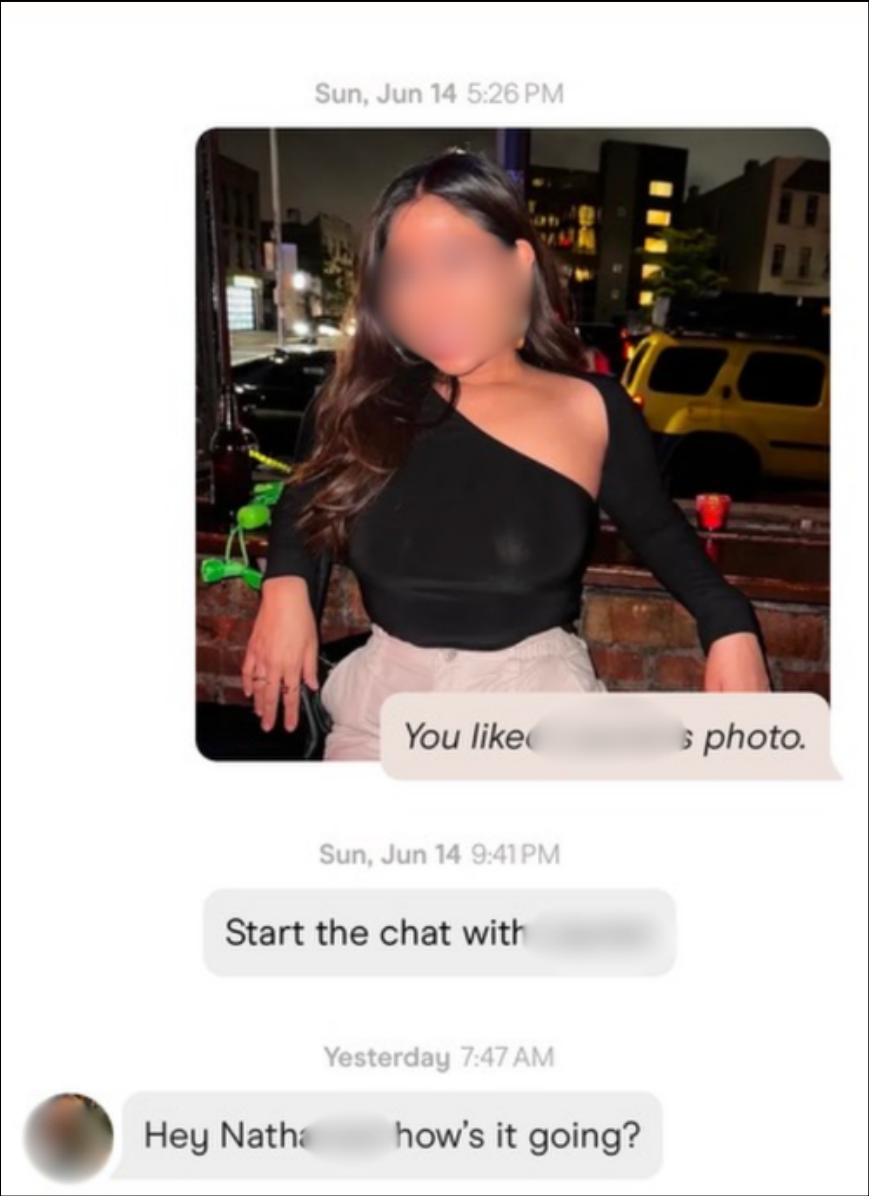

- **Shows off his physique** The fitted black shirt still shows his shoulders, chest, arms, and V-taper, but it feels way more effortless than a gym or shirtless pic.
- **The outfit gives strong date-night appeal:** Black button-up, grey trousers, chain, clean grooming. He looks like a man women would be excited to go on a date with.
- **The night flash makes & enhances the photo:** That direct flash gives it more of a real nighttime, candid feel, while also enhancing the quality of the photo .
- **Movie trailer effect:** This feels like a scene from an actual date night. A woman can easily picture herself getting dressed up, meeting him at the resort, walking into dinner with him, and being the woman standing next to him.
